PURPOSE

The purpose of this advice letter is to comply with Ordering Paragraph 19 of Decision D.18-12-021, which states that California American Water shall refund customers its excess protected (plant related) Accumulated Deferred Income Tax (ADIT) based on the size of a customer's meter. The 2019 grossed up amount to be refunded is \$539,397. This refund will be amortized evenly over a one year period. California American Water is required to file a tier 3 advice letter annually for the protected ADIT of 2018, 2019 and 2020.

BACKGROUND

At the end of 2017, California American Water re-measured its ADIT based on estimated amounts at the date of enactment of the Tax Cuts and Jobs Act (TCJA). The estimates were refined with the filing of the income tax returns for 2017. California American Water completed its implementation of the Powertax system in late 2019.

In D.18-12-021 Ordering Paragraph 19, the Commission ordered California American Water to file a Tier 3 advice letter on June 30, 2020 to return the certain plant-related excess ADIT for 2019.

Specifically, Ordering Paragraph 19, D.18-12-021, p.324-5, states:

19. By June 30, 2019, California American Water Company (Cal-Am) shall file a Tier 3 advice letter to refund the 2018 Excess Protected Accumulated Deferred Income Tax (ADIT), which should have been recorded in the Tax Memorandum Account, to ratepayers as a bill credit, based on the size of the customer's meter. Cal-Am shall file Tier 3 advice letter by June 30, 2020 and a Tier 3 advice letter by June 30, 2021 to refund the 2019 Excess Protected ADIT and the 2020 Excess Protected ADIT to ratepayers as a bill credit, based on the size of the customer's meter. Each refund shall be amortized evenly over a period of one year. Each advice letter shall include any necessary revenue requirement adjustments to rate base caused by the return of the ADIT balances. In each advice letter, Cal-Am shall provide calculations and supporting documentations that demonstrate: (1) an estimation of the Excess Protected ADIT for each year, (2) how the Excess Protected ADIT balances were calculated for each year, and (3) the normalization method used. Cal-Am is not required to refund the Excess Protected ADIT balances faster or sooner than allowed pursuant to the normalization rules of the Internal Revenue Service.

Consistent with previously filed and approved Advice Letter 1247-B, EADIT liabilities within Powertax, net of EADIT asset related to Net Operating Loss Carryforward ("NOLC"), account for \$19,319,993 of the total plant related differences. These amounts are generally subject to normalization or so-called "protected" ADIT. It is the excess ADIT that is maintained in the Powertax system, and that will normalize using "Average Rate Assumption Method" (ARAM) that California American Water believes is within the scope of ordering paragraph 19 of D.18-12-021 and the related Tier 3 advice letter.

Computation

Workpaper 2-1 summarizes the net excesses that exist in Powertax. The numbers on lines 2 and 3 come from the included report 261 from Powertax. Report 261 reports the excess balance at the beginning and end of a given year. Line 5 represents the excess deferred asset related to the net operation loss ("NOL") carry forward. Line 6 represents total excess subject to ARAM amortization and California American Water believes this net excess is within the scope of the refund outlined in Ordering Paragraph 19 of D.18-12-021.

Lines 8 through 11 show the credit amount net of the rate base impact. The credit amount on Line 8 comes from the schedule labeled Excess ADIT for 2019 and the rate base impact amount on Line 10 comes from the schedule labeled Proration – rate base.

The Excess ADIT for 2019 workpaper uses the data from Powertax report 260 which reports the change in excess computed using ARAM for a year. This workpaper also layers in proportional amortization of the NOL excess ADIT asset

REQUEST

This advice letter requests authorization to refund the plant-related 2019 Excess Protected ADIT over a period of one year as a bill credit to all customers based on meter size.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.18-12-021 and is designated as a Tier 3 filing.

EFFECTIVE DATE

California American Water requests an effective date of July 31, 2020.

SERVICE LIST

Pursuant to Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in the attached service list. Copies of the detailed work papers and the documents supporting this Advice Letter have also been furnished to the Commission Staff.
