RATES

Late Payment Fee: A late charge of 1.5% on unpaid balance will be assessed. Customers will be notified on the monthly issued bill that the 1.5% late fee will be applied to any account that is not paid before the past due date shown on the bill. The fee shall be applied at the time a late payment notice is issued. If the customer pays the balance on the date the late payment notice is mailed, then that assessed fee will be forgiven. The fee shall be assessed on all open balances regardless of whether it is an initial or subsequent bill when a total balance has not been paid or there should have been a shut off for non-payment, except the fee shall not be applied when the account is over 180 days old. The fee shall be compounded on all balances that are past due, unless they are under payment agreement. All bills shall be subject to the PUC reimbursement fee as set forth in Schedule No. UF.

Reconnection Fee: Where service has been discontinued for violation of these rules or for nonpayment of bills, the utility may charge \$10.00 for reconnection of service during regular working hours or \$175.00 for reconnection of service at other than regular working hours when the customer has requested that the reconnection be made at other than regular working hours. If payment is received after 3:00 PM, service will not be restored until the next business day. All bills shall be subject to the PUC reimbursement fee as set forth in Schedule No. UF.
